Dear Friend,

DOES SEX FEEL LIKE WORK?

It sure did for me... I guess that's what I deserved for marrying a woman a full 20 years younger than me...

Cindy just turned 31... And I'll tell ya... She's always ready for an hour of passionate sex. But after a stress-filled 8-hour workday... I'm lucky to be awake past the 10 o'clock news!

Don't get me wrong, I was crazy about my wife. I was just so incredibly tired and lacked the desire to "perform" no matter how bad I wanted to.

It was really hard for her to understand this- especially the first night she'd be off her period... that's when she really craves being intimate.

I'd be sitting in the TV room relaxing and she'd come strolling in- wearing that Frederick's of Hollywood get-up that drives me up the walls...

She'd look so incredible... so sexy... but just the thought of performing sex made me exhausted.

Some nights, I could "force" myself to get in the mood, some nights I couldn't. I wanted to please my wife... but I lacked any sexual desire. I sure didn't want her to seek

satisfaction in any of her "male" co-workers or friends!
What was I to do?

Does my story sound familiar? It should because its a situation 9 out of 10 men over 30 experience. But thanks to a revolutionary new supplement, it's soon to be a thing of the past! In fact, it may turn you into the "Horny Little Devil" you were back in High School!

First, Let's Get Back To My Story:

Back when Cindy and I first got married, we'd have sex every single day... sometimes twice a day. But 2 kids and 6 years later... we're lucky to have sex twice a month. This was all about to change when a co-worker (and close friend) turned me on to ZANTHROMAX.

ZANTHROMAX is a little pill that promised to eliminate the lack of sexual desire, eliminate the inability to get and maintain a hard erection, eliminate pre-mature ejaculation, and eliminate the overall lack of sexual energy. Its makers claim it can make you have sex up to 3 times a day... and "shoot your bullet" as many as THREE TIMES AN HOUR!

I called their toll-free number and got myself a bottle hoping it lived up to its promises. After all, I tried all those "Herbal Viagra" pills in the past without profound results. But since they agreed not to bill my credit card for 15 days, I did it.

Being a natural skeptic... I popped two of the easy to swallow capsules as recommended right after dinner. For the next hour, I didn't feel much... I said, "Just as I thought- JUNK." But after that I felt a strange "stirring" I haven't felt in years.

I felt ENERGIZED! But I tried to remain cool- I didn't want Cindy to know I was taking another "sexual booster"... Anyway, I started to feel very excited just watching Cindy clean up after dinner. Her wiping the kitchen table was driving me NUTS!

Later that night, I was ready to explode... so when the kids finally went to sleep... I whispered in her ear to go and put on something sexy. She looked at me shocked... *but didn't hesitate to run and get changed.*

Well, for the next 45 minutes, we had some of the most intense sex we'd had in our entire 6-year marriage. It almost felt like the first time we made love. I was immediately reminded why I fell for her in the first place.

I was so excited, my penis must have been an entire inch bigger! By the way Cindy was moaning (almost in pain), I think she'd agree.

Seriously- I was a SEXUAL DYNAMO! My deep, penetrating performance left her gasping in awe... begging for more... shuddering with pleasure.

I'd bet good money it was the most intense, earth-shattering, back-to-back orgasms she's ever had!

As we laid in bed afterwards, she looks over to me with an amazed look on her face and asked me, "What the heck was that?" *Knowing that our sex life has been virtually non-existent.*

I told her it was a new sex pill I was trying out called ZANTHROMAX. I went on to tell her it was supposed to overwhelm me with sexual energy and staying power... and after that lovemaking session... I guess it works.

She then asked me, "You have more, right?"

Just in case you haven't read about these amazing botanicals in *The Journal of the American Medical Association* or *The Journal of Internal Medicine*... Here's how this product works:

ZANTHROMAX is completely natural and guarantees you a more satisfying sex life- no matter what your age... even if you suffer from sexual problems like impotence or simply lack the desire like I did!

ZANTHROMAX is the result of 9 years of painstaking research in three different countries... Read what they discovered:

FIRST IT WAS THE ITALIANS:

Scientists in Italy discovered the South American plant Muira Puama to "activate" something in the brain causing intense sexual desire - which is a major factor in increasing the ability to perform. By simply taking

Muir Puama, you'll flip the "sexual desire switch" on in your brain.

While this was a milestone, the Scientists weren't there just yet. You may need more than just the "desire" the plant Muira Puama created.

Unfortunately, as a man ages, his body creates less and less of the key ingredient that produces and maintains erections- the hormone TESTOSTERONE. Stress... Fatigue... and Slower Blood Flow don't help the matter much.

Would you believe from the age of 30, a man can see his TESTOSTERONE levels drop by 2% every year according to Dr. Anna Grey?

In some cases, men who are aged 75 to 80 had TESTOSTERONE levels equal with men who have been CASTRATED!

Just a few years ago, Bulgarian Scientists stumbled upon a shrub called Tribulus Terrestris. They gave some Tribulus to some old, impotent boars and put them in pens with young female hogs. Five days later, the Scientists were amazed with what they saw. Even the oldest of the impotent boars was chasing the young females around!

Other farm animals were tested with equal success. The Bulgarian Scientists then wondered, "*Would it work on men?*"

EXCITED GOVERNMENT TESTS TRIBULUS EXTRACT

The news of this potent concoction spread like wildfire throughout the medical research groups all over Bulgaria. Soon, probing tests began in THREE SEPARATE Government facilities- including the prestigious HIGHER MILITARY MEDICAL INSTITUTE.

Two hundred and twelve (212) men were chosen for the Government tests. All had sexual problems such as poor erections, inability to maintain an erection, impotence, and even more severe sexual problems. With just 60 days of monitoring, the results were nothing short of spectacular - the average increase in TESTOSTERONE was a whopping 30% according to Professor E. Bozadjieva, who led one of the Government research teams.

This 30% BOOST in even the most impotent of men is what can have a "regular" man like you performing like a sex-crazed 17-year-old on Prom Night!

ZANTHROMAX contains the Muira Puama to create an intense sexual desire... the Tribulus to boost the TESTOSTERONE to feverish proportions...but the most important ingredient (and what separates ZANTHROMAX apart from all other "Herbal Viagra-type" pills) is a natural hormone stimulant produced by the Wapiti Elk of Northern Canada. Medical Professionals are calling this ingredient, "SEXUAL ROCKET FUEL"!

It has even been hailed by Doctors, Sex Therapists, and the prestigious WORLD OF MEDICINE JOURNAL as...

**"THE GREATEST VIRILITY BREAKTHROUGH
EVER DISCOVERED BY MEDICAL SCIENCE!"**

The Wapiti Elk is the animal with the strongest sex drive of all living creatures...

THEY CAN EJACULATE 20 TIMES A DAY!

These animals are blessed with an incredible "youth hormone" Doctors call...

"SEXUAL ROCKET FUEL that enables them to have huge, firm erections on command and non-stop sex around the clock!"

Modern science has found a way to extract this super-powerful hormone stimulant from the Wapiti Elk and allows you to...

TURN INTO A SEXUAL BEING UNLIKE ANY "ORDINARY" MAN!

When the ingredients discovered in Italy, Bulgaria and Northern Canada are properly blended as they are in ZANTHROMAX... you can...

* OBTAIN INSTANT ERECTIONS ON COMMAND!

* REJUVENATE YOUR SEX DRIVE BETTER THAN THAT OF A COLLEGE-AGE MAN IN HIS SEXUAL PRIME!

* SUPERCHARGE YOUR CAPACITY FOR PROLONGED SEX -- LASTING HOURS!

* STIMULATE YOUR ABILITY TO ENJOY MULTIPLE ORGASMS WITH AN AVERAGE RECOVERY TIME OF JUST 14 MINUTES!
